In the November 8, 2000 Office Action, the Examiner required an election under 35 U.S.C. §121 between Invention I, recited by claims 14-40, directed to a spring, and Invention II, recited by claims 41-50, directed to a timepiece drive mechanism

In response to the Examiner's requested election, Applicants hereby elect, with traverse, to prosecute Invention I, as recited by claims 14-40. Furthermore, Applicants hereby cancel claims 41-50, corresponding to Invention II, without prejudice to Applicants' right to pursue the prosecution of that Invention and claims in a further application.

Early and favorable consideration of the above referenced application in light of these amendments is earnestly requested.

Respectfully submitted,
